

NATIONAL SUN YAT-SEN UNIVERSITY

College of Engineering Rules for the Number of Students per Supervisor in Master's and PhD Programs

Issued by the 3rd Heads Meeting on November 2, 2006, School Year 95.

- I. The number of students (students of industrial research programs and direct PhD programs not included) per supervisor in master's and PhD programs shall not exceed 12 students within two years.
- II. When places remain available in master's and PhD programs once Article 1 of the present rules is implemented, the various departments shall self-establish regulations to satisfy these places. However, these regulations must be submitted for reviews in the college heads meetings.
- III. The present rules shall be implemented following approvals of college heads meetings and academic affairs meeting. The same procedure shall be carried out when amendments are to be made.
